Military Partners and Families Coalition

Who We Are:

Military Partners and Families Coalition (MPFC) provides support, education, resources, and advocacy for lesbian, gay, bisexual and transgender military partners and their families.

What We Do:

- MPFC seeks to bring *all* military families together in an affirming environment for mutual support and empowerment.
- MPFC is committed to providing resources and information to enable *all* military families to successfully manage the unique demands of military life and to connect them to services provided by our coalition members and other military support organizations.
- MPFC seeks to educate the greater military community on issues impacting LGBT military families in order for them to meet the many challenges our families face.

Individual Membership
